

Preface

It is our honour to be selected as the youth delegates of Hong Kong visiting Brisbane in Australia under the International Youth Exchange Programme 2001-2002 this summer. The trip enables us to broaden our horizon, explore our strengths and weaknesses, exchange ideas and experiences with the Australians and develop friendship.

In the thirteen-day trip, we visited a lot of places and met different people in Brisbane. We learnt a lot and had a great time there. We will always treasure the memories of the trip.

This report was made up of all the unforgettable moments of the visit, including the Highlights of our visit, our home-stay lives, our feelings of the trip and so on. We hope that through this report all the readers can share our happiness, experience and feelings gained in Brisbane.
