

Cultural Performance and Homestay Matching Ceremony

The ceremony was co-organized by the National Youth Council and SSEAYP International Singapore. Jenny, President of SSEAYP International Singapore, gave a welcoming speech for us. Then, the members of SSEAYP showed us their culture by a dance performance, which was wonderful and interesting.

In return, we prepared an enjoyable and informative presentation on Hong Kong's culture. The story started by a long queue of young people going to buy snoopy toys in a fast food restaurant. During their waiting time, they chatted and shared their views with each other on different hot topics concerning youths in Hong Kong, such as hobby, interest, education system and expectation on future careers.

After our interesting presentation, we met our host family and started our 3 days 2 nights as Singaporeans.
