

Preface

It is indeed our honour to represent Hong Kong teenagers in the International Youth Exchange Programme 2002. Being the Hong Kong youth delegates, we had the chance to experience various kinds of activities in Wirral and Liverpool in the UK, such as meeting the Mayors, school visits, sightseeing, home stays, etc. Through these activities, we got to understand more about the education system of the UK, the British kind of lifestyle and most importantly the culture of UK teenagers. We have also introduced the UK delegates the Hong Kong lifestyle and culture.

To keep our memories forever and to spread the message we got from this trip, we are going to present you with this report in which all of us have dedicated ourselves into it. Though the report marks an end to our trip, our friendship, with both the HK and UK delegates, will never end. This report will become the bridge among us, reminding us of the laughter and tears within our fruitful trip. There may be new inspiration in reading through it. Hope you enjoy it.
